

AWNING WORKS

# Introducing Durable Solutions for Your Outdoor Spaces

Our revolutionary Wood Plastic Composite (WPC) Products are the durable, low-maintenance solution you've been searching for.

WPC is wood's superior successor. you can finally say goodbye to those high-maintenance wood hassles of natural wood & hello to a material that thrives in Qatar's climate.

## What makes it special?

Withstands sun, rain, & humidity with ease.

Stays looking sharp for years

Doesn't conduct electricity or heat.

This isn't typical plastic. Our advanced manufacturing turns WPC into boards replicating high-quality lumber in appearance and texture.

Unlike real wood, WPC is highly durable outdoors and requires minimal maintenance.
